Development Skills: Debugging, Problem Solving, Working with Existing Codebases, Responsive UI Development, Basic Backend/API Concepts

PROJECTS

FreshCart E-commerce Web Application (View Live Project)

- Developed a fully responsive e-commerce web application utilizing React.js, Next.js, and Tailwind CSS.
- Integrated REST APIs to dynamically fetch and display product listings, detailed product pages, categories, and brands.
- Implemented robust user authentication and authorization, configuring registration, login, NextAuth.js sessions, and protected routing.
- Built core e-commerce functionalities including cart and wishlist management with persistent state handling.
- Configured comprehensive form handling and validation for user inputs utilizing React Hook Form and Zod.
- Enhanced the overall user experience by developing responsive navigation layouts, loading states, error handling mechanisms, and toast notifications (Sonner).
- Ensured cross-device compatibility with precise responsive design for desktop, tablet, and mobile platforms.

TRAINING & CERTIFICATIONS
